**Academic Program Specification
Course Specification Model**

Academic Year	First Year	Instructor Name	Mawj Khalil Ibrahim
Subject Name	Phonetic	Academic Rank	Assistant Lecturer (Asst. Lec.)

Course Specification

This course specification provides a concise summary of the most significant characteristics of the course and the learning outcomes that the student is expected to achieve, demonstrating whether the student has effectively utilized the available learning opportunities.

Educational Institution:	Ministry of Higher Education and Scientific Research – Al-Salam University College
Final Degree	Bachelor's Degree
Academic System: Annual / Semester / Other	Semester System (First and Second Semesters)
Date of Specification Preparation	2026/9/1
Academic Program Objectives:	
It aims to train students to recognize the pronunciation of English sounds, the speech organs, the phonetic alphabet symbols of the language, and the physical properties of sounds.	

Program Intended Learning Outcomes, Teaching, Learning, and Assessment Methods:

A. Cognitive Objectives:

- A1. Developing students' abilities to understand the English language.
- A2. Training the student on how to read words.
- A3. Teaching students how to formulate sentences.
- A4. Enabling students to use the language in communication.
- A5. Developing students' ability to form correct sentences using different tenses.
- A6. Acquiring scientific research skills.

B. Program-Specific Skills Objectives:

- B1. Mastering the listening skill.
- B2. Mastering the pronunciation and speaking skill.
- B3. Mastering the writing skill.

Teaching and Learning Methods:

- 1. Attracting students' attention through the use of educational aids.
- 2. Encouraging students to participate and communicate using the language.
- 3. Students submitting reports and research in the subjects being taught.
- 4. Dividing students into groups and giving them the opportunity to ask and answer questions.

Assessment Methods:

- Conducting daily tests in multiple oral and written forms, and assigning homework. •
- Conducting monthly exams while ensuring a variety of questions in terms of structure and difficulty. •
- Evaluating the student based on attendance, participation in classroom activities, and commitment to doing homework. •
- Evaluating the student on their performance in writing research. •
- Student's performance in final exams. |

C. Affective and Value Objectives:

- C1. Encouraging the student to cooperate with other students by forming groups and urging them to answer each other's questions.
- C2. Reviving the spirit of positive competition among students to deliver the best performance and creativity.
- C3. Encouraging students to actively participate in various activities on the widest scale.
- C4. Discipline, responsibility, ensuring accuracy and rigor, and observing professional ethics in the future.
- C5. Continuing education and keeping up with scientific developments. |

Teaching and Learning Methods:

- 1. Enrolling students in training courses and monitoring their practical performance in them.
- 2. Monitoring students' performance in cooperating to solve problems that encounter their work.

3. Monitoring the students' ability to express analytical insights in their work results.

Assessment Methods:

1. Direct observation.
2. Asking the student to submit a self-assessment of their performance.
3. Evaluating student reports about their practical experiments.

D. General and Transferable Skills (Other skills related to employability and personal development)

D1. Leadership: Motivating the student to make appropriate decisions to solve problems.

D2. Effective Communication: The ability to speak, write, and listen.

D3. Time Management: Organizing tasks.

D4. Adaptability: The ability to deal with variables.

Teaching and Learning Methods:

1. Academic Learning: Through the educational program.
2. Self-Learning: Through reading books and electronic libraries.
3. Participation in specialized courses.

Assessment Methods:

1. Various tests.
2. Personal interviews.
3. Writing research and essays.

Program Structure

Academic Level	Course Code	Course Title	Credit Hours	
			Theoretical	Practical

Planning for Personal Development

1. Keeping up with modern methods and techniques of teaching.
2. Keeping up with the latest scientific and cultural developments in the field of specialization.
3. Following up on scientific research and conferences, and reviewing scientific experiences in various countries within the field of specialization.

Admission Criterion (Setting regulations related to joining the college or institute):

- Central Admission.
- Obtaining the qualification - Preparatory School Certificate.
- Obtaining the required GPA.
- Conducting interviews with students.
- Conducting a test for applicants.
- Physical fitness.

Most Important Sources of Information about the Program:

- University Library.
- Department Library.
- Video/Multimedia Library.
- Global Research Websites.

Academic Program Specification Course Specification Model

Academic Year	First Year	Instructor Name	Mohammed Saleh Mahdi
Subject Name	Grammer	Academic Rank	Assistant Lecturer (Asst. Lec.)

Course Specification

This course specification provides a concise summary of the most significant characteristics of the course and the learning outcomes that the student is expected to achieve, demonstrating whether the student has effectively utilized the available learning opportunities.

Educational Institution:	Ministry of Higher Education and Scientific Research – Al-Salam University College
Final Degree	Bachelor's Degree
Academic System: Annual / Semester / Other	Semester System (First and Second Semesters)
Date of Specification Preparation	<u>2026/9/1</u>
Academic Program Objectives:	
To equip students with core syntactic and linguistic grammar competencies in English.	

Academic Program Specification Course Specification Model

Academic Year	First Year	Instructor Name	Rasool Ali Hussein
Subject Name	Conversation	Academic Rank	Assistant Lecturer (Asst. Lec.)

Course Specification

This course specification provides a concise summary of the most significant characteristics of the course and the learning outcomes that the student is expected to achieve, demonstrating whether the student has effectively utilized the available learning opportunities.

Educational Institution:	Ministry of Higher Education and Scientific Research – Al-Salam University College
Final Degree	Bachelor's Degree
Academic System: Annual / Semester / Other	Semester System (First and Second Semesters)
Date of Specification Preparation	2026/9/1
Academic Program Objectives:	
To enable students to achieve effective verbal and oral communication skills	

Academic Program Specification Course Specification Model

Academic Year	First Year	Instructor Name	Mohammed Ali Ahmed
Subject Name	Introduction to Literature	Academic Rank	Assistant Lecturer (Asst. Lec.)

Course Specification

This course specification provides a concise summary of the most significant characteristics of the course and the learning outcomes that the student is expected to achieve, demonstrating whether the student has effectively utilized the available learning opportunities.

Educational Institution:	Ministry of Higher Education and Scientific Research – Al-Salam University College
Final Degree	Bachelor's Degree
Academic System: Annual / Semester / Other	Semester System (First and Second Semesters)
Date of Specification Preparation	2026/9/1
Academic Program Objectives:	
To familiarize students with the definition, genres, and core elements of literature, providing a concise overview of each genre. Additionally, the course aims to develop students' skills in literary writing and comparative analysis across various genres, including poetry, the novel, drama, the short story, and the essay.	

Academic Program Specification Course Specification Model

Academic Year	First Year	Instructor Name	Ahmed Mahmoud Mohammed
Subject Name	French Language	Academic Rank	Assistant Lecturer (Asst. Lec.)

Course Specification

This course specification provides a concise summary of the most significant characteristics of the course and the learning outcomes that the student is expected to achieve, demonstrating whether the student has effectively utilized the available learning opportunities.

Educational Institution:	Ministry of Higher Education and Scientific Research – Al-Salam University College
Final Degree	Bachelor's Degree
Academic System: Annual / Semester / Other	Semester System (First and Second Semesters)
Date of Specification Preparation	2026/9/1
Academic Program Objectives:	

Academic Program Specification Course Specification Model

Academic Year	First Year	Instructor Name	Hiwa
Subject Name	Arabic language	Academic Rank	Assistant Lecturer (Asst. Lec.)

Course Specification

This course specification provides a concise summary of the most significant characteristics of the course and the learning outcomes that the student is expected to achieve, demonstrating whether the student has effectively utilized the available learning opportunities. It is essential to explicitly link these course outcomes to the overall academic program specification.

Educational Institution:	Ministry of Higher Education and Scientific Research – Al-Salam University College
Final Degree	Bachelor's Degree
Academic System: Annual / Semester / Other	Semester System (First and Second Semesters)
Date of Specification Preparation	2026/9/1
Academic Program Objectives:	
• To appreciate the aesthetic value and literary beauty embedded within Arabic language and literature. • To equip students with the analytical skills necessary to study the diverse linguistic branches of Arabic. • To introduce students to authentic Arabic vocabulary, syntactic structures, and stylistic conventions using engaging pedagogical methods.
